Ohio Education

## **Barberton High School**

555 Barber Rd, Barberton, OH 44203-1765 - Grades 9-12 - Summit County

The School Report Card for the 2009-2010 school year shows the progress schools have made based on four measures of performance.

Performance Index

Adequate Yearly Progress

The combination of the four measures is the basis for assigning state designations to districts, buildings and community schools.

The six designations are

- Excellent with Distinction
- Excellent
- Effective
- Continuous Improvement
- Academic Watch
- Academic Emergency

To meet a test indicator for grades 3-8 and 10, at least 75% of students tested must score proficient or higher

on that test. Other indicator requirements are: 11th grade Ohio Graduation Tests, 85%; Attendance Rate, 93%; Graduation Rate, 90%.

Any result at or above the state standard is ind -- = Not Calculated/Not Displayed when there are fewer than 10 in the group \* Cumulative results for students who took the tests as 10th or 11th graders.

2008-09 Graduation Rate

## Your School's Assessment Results Over Time

All students in the school for a full academic year are included in the results.

State Indicators

The State Indicators are

based on state assessments, as well as on attendance and graduation rates. To earn an indicator for Achievement or Graduation Tests, at least 75% of students must reach proficient or above for the given assessment. For the 11th grade Ohio Graduation Tests indicators, a cumulative 85% passage rate for each assessment is required.

\*Cumulative results for students who took the tests as 10th or 11th graders.

### **Performance Index**

#### **Performance Index Calculations** for the 2009-2010 School Year

	Percentage	х	Weight	=	Points

The Performance Index reflects the achievement of every student enrolled for the full academic

year. The Performance Index is a weighted average that includes all tested subjects and grades and untested students. The greatest weight is given to advanced scores (1.2); the weights decrease for each performance level and a weight of zero is given to untested students. This results in a scale from 0 to 120 points. The Performance Index can be compared across years to show school achievement trends.

#### Your School's Percentage of Students at Each Performance Level

### Your School's Students 2009-2010

Average Daily Student Enrollment	Black, non- Hispanic	American Indian or Alaska Native	Asian or Pacific Islander	Hispanic	Multi-Racial	White, non- Hispanic	Economically Disadvantaged	Limited English Proficient	Students with Disabilities	Migrant	
1101	10.9%		1.8%		2.0%	85.0%	53.3%		14.9%		

-- = Not Calculated/Not Displayed when there are fewer than 10 in the group.

Number of Limited English Proficient Students Excluded from Accountability Calculations

Under the federal No Child Left Behind Act, states are required to report certain data about schools and teachers. Data presented here are for reporting purposes only and are not used in the computation of the state designation for districts and schools.

### Federally Required School Teacher Information

Your Building's Poverty Status*: Medium-High Poverty	Your Building	District
Percentage of teachers with at least a Bachelor's Degree	100.0	100.0
Percentage of teachers with at least a Master's Degree	61.7	67.8
Percentage of core academic subject elementary and secondary classes not taught by highly qualified teachers	0.0	0.0
Percentage of core academic subject elementary and secondary classes taught by properly certified teachers	100.0	100.0
Percentage of core academic subject elementary and secondary classes taught by teachers with temporary, conditional or long-term substitute certification/licensure	0.0	0.0

\*High-poverty schools are those ranked in the top quartile based on the percentage of economically disadvantaged students. Low-poverty schools are those ranked in the bottom quartile based on the percentage of economically disadvantaged students. -- = Not Calculated/Not Displayed when there are fewer than 10 in the group.

# **Determining Your School's Designation**

Determining your school's report card designation is a multi-step process. The first step is to determine a preliminary designation, which is based on the following components: 1) the percentage of indicators met, 2) the performance index and 3) AYP determination.

Indicators Met		Performance Index		AYP Designation		Preliminary Designation
94%-100%	or	100 to 120	and	Met or Not Met	=	Excellent
75%-93.9%	or	90 to 99.9	and	Met or Not Met	=	Effective
0%-74.9%	or	0 to 89.9	and	Met	=	Continuous
50%-74.9%	or	80 to 89.9	and	Not Met	=	Improvement
31%-49.9 <b>%</b>	or	70 to 79.9	and	Not Met	=	Academic Watch
0%-30.9%	and	0 to 69.9	and	Not Met	=	Academic Emergency

The preliminary designation results from identifying the higher value between the percentage of indicators met by your school and your school's performance index. AYP then is evaluated to determine its effect on the preliminary designation. There are three ways in which AYP can affect the preliminary designation.

- 1. If a school meets AYP in the current year, it can be rated no lower than Continuous Improvement.
- 2. If a school does not meet AYP for three consecutive years and in the current year it does not meet AYP in more than one student group, it can be rated no higher than Continuous Improvement.
- 3. In all other cases, AYP has no effect on the preliminary designation.

Once the preliminary designation is determined, Value-Added, the fourth measure in the accountability system, is evaluated to determine the impact (if any) on the school's final designation.

- 1. If your school's designation is restricted to Continuous Improvement due to AYP, Value-Added has no impact on the designation and the preliminary designation becomes the final designation.
- 2. If your school experiences above expected growth for at least two consecutive years, your school's final designation will increase by one designation.
- 3. If your school experiences below expected growth for at least three consecutive years, your school's final designation will decrease by one designation.

Preliminary Designation		Value-Added Measure*	لر Final Designation	
Excellent	and	Above expected growth for at least 2 consecutive years	Excellent with Distinction	
Excenent	anu	Below expected growth for at least 3 consecutive years	Effective	
Effective	and	Above expected growth for at least 2 consecutive years	Excellent	
LICCUVC		Below expected growth for at least 3 consecutive years	Continuous Improvemen	
Continuous Improvement		Above expected growth for at least 2 consecutive years	Effective	
	and	Below expected growth for at least 3 consecutive years	Academic Watch	
Academic Watch	and	Above expected growth for at least 2 consecutive years	Continuous Improvement	
	ana	Below expected growth for at least 3 consecutive years	Academic Emergency	
Academic Emergency	and	Above expected growth for at least 2 consecutive years	Academic Watch	
	and	Below expected growth for at least 3 consecutive years	Academic Emergency	

\*In all other cases, including if your school's designation has been restricted to Continuous Improvement, then Value-Added will have no impact on the designation and the preliminary designation becomes the final designation.

### The National Assessment of Educational Progress (NAEP),

often referred to as "The Nation's Report Card," is the only nationally representative and continuing assessment that enables the comparision of performance in Ohio and other states in various subject areas. Schools and students within each state are selected randomly to be a part of the assessment. Not all students in the state or in a particular school take the assessment. Data are reported at the state level only, and there are no individual student or even school summary results. The assessments are conducted in mathematics, reading, science, writing, the arts, civics, economics, geography and U.S. history.

> To view Ohio's most recent NAEP results, go to: http://education.ohio.gov and search for key word "NAEP"
